Can I lose money?

There is a risk involved with investing in all high yield investment programs. However, there are a few simple ways that can help you to reduce the risk of losing more than you can afford to. First, align your investments with your financial goals, in other words, keep the money you may need for the short-term out of more aggressive investments, reserving those investment funds for the money you intend to raise over the long-term. It's very important for you to know that we are real traders and that we invest members' funds on major investments.

How can I check my account balances?

You can access the account information 24 hours, seven days a week over the Internet.

May I open several accounts in your program?

No. If we find that one member has more than one account, the entire funds will be frozen.

How can I make a spend?

To make a spend you must first become a member of Bitinvest. Once you are signed up, you can make your first spend. All spends must be made through the Member Area and via customer care representative. You can login using the member username and password you received when signup.
